The voters at Macon were addressed  
last evening by Mr. E. P. Vail, Mr. Chas.  
Caroline and Hon. Jason Rogers, who  
spoke to the point and awakened consid-  
erable enthusiasm. There were about 50  
persons at the meeting.

The meeting of the ladies held yester-  
day to report progress with reference to

tended. The prospects are flattering that  
the affair will be a success.

A New Jersey car has ruled that  
since a bicycle is not a recognized vehicle  
for travel, it is not entitled to the rights  
of the roadway, and, therefore, the rider  
is responsible for any damage done by it  
in the scaring of horses.

"BUFFALO WILLIAM" will appear before  
the footlights at the opera house Tues-

crowded house in Decatur.

The Dankards have been holding their  
annual meeting near Cerro Gordo. They  
are a class of people that have many  
peculiarities, but are sincere in all their  
doings, and in the final windup of life's  
futile fever will receive their reward.

The democratic candidates are getting  
to be quite "candy" of late. It is a cheap  
way to attract personal attention, but it  
seldom amounts to anything as an elec-  
tioneering device. Who'll next rush into  
public print?

fessional base ball players to engage in games

ment among the many admirers of the  
National game.

MR. DAVID P. KELLER, whose farm is

STATEMENTS that the Illinois Midland

Press and other papers are incorrect.

### A New Farm.

Some time ago the members of the  
United Brethren congregation decided to  
build a home for their pastor, and now  
the work is in progress. The dwelling  
will be a handsome one-story frame, 22 by  
28 feet in size, and will contain 4 rooms.  
It will be erected on the north side of the  
church, on the same lot upon which the  
edifice stands. Mr. A. Shoemaker has the  
contract for the wood work, which alone  
will cost about \$400. It is designed to  
have the parsonage ready for the use of  
Rev. H. W. Trueblood and family within  
two months or less time. We learn that  
it is the purpose of the U. B. folks to sell  
the ground on the east side of the church.  
The ground will make excellent business  
or residence lots. They front on East  
Eldorado street.

### Gashout at Mid-Lay.

Decatur people were somewhat startled  
to-day by an unusual flock of the ele-  
ments. A dense fog settled over the city  
last night and this morning it was impos-  
sible to recognize any one at a distance  
of less than a block. Rain was threatened,  
but it did not descend until about 10:30  
o'clock, when the clouds were so heavy  
and dark that store rooms and offices be-  
came as desolate of sunlight that the gas  
had to be kept lit for an hour or more.  
The rain came down in torrents and was  
accompanied by the fiercest dose of hail of  
the season.

### A Big Party.

The grand annual reception and ball,  
given by Cigar-Makers' Union, No. 20, at  
Guards' Armory last night, attracted an  
immense crowd of merry dancers, all of  
whom had a delightfully pleasant time  
tripping the light fantastic to the music  
of Prof. Goodman's full orchestra. The  
genial cigar-makers received every one  
with their characteristic cordiality, the  
honors of the occasion being done by  
Caleb Smith, L. W. Pribourg, T. S.  
Roman, Ed. B. Sawyer, F. W. Brinkmeyer,  
Henry Metz, J. E. Stephens, Frank Town-  
sies, F. L. Johnson, Frank Morlock,  
Tony Walker, and others not members  
of the several committees. In all there  
were 22 numbers danced, and a more en-  
joyable party has not yet been given by the  
Union. At the intermission hour refresh-  
ments were had at the several restaurants.  
May, June and July Corn.

Mr. John A. Brown, master-in-chancery,  
one of whose farms is located four miles  
east of Decatur, has shown us samples of  
corn from the place referred to, which  
demonstrate that Macon county soil is  
capable of producing good corn at almost  
any season of the year. One sample is a  
long, yellow ear, from the crop planted  
on May 20th; another is from the plant  
of June 20th, and the third and last was  
planted as late as July 20th. The July  
ear is about six inches in length, and the  
grains are soft, but there is no appearance  
of it having been touched by frost. The  
May ear is the best of the three, but all  
are fair specimens and are something of  
curiosities in the corn line.

At about 9:30 o'clock last night two  
sharp pistol reports were heard on West  
Eldorado street, between Union and  
Edwards, and Dr. Hunsford, Fred Caldwell  
and W. C. Ottens, who heard them,  
thought that surely some one had been  
made to "bite the dust." After the two  
reports a man was seen to cross the street  
on a run from the south side of Eldorado  
and scamper off in the darkness. Reports  
have it that it was a case of attempted bur-  
glary and that the courageous householder  
in possession of the pistol fired to hit  
the unknown scamp, who was prowling  
about his place. But the fact is Mr.  
Aaron Smith had fired at a howling dog,  
and missing him, he ran across the street  
after the troublesome canine but failed  
to perforate him.

DECATUR is now connected by telephone  
with Springfield, and talking commenced  
last night. It is as easy to talk by wire  
at long range as it is within the limits  
of Decatur. The only difference is that  
it costs 20 cents for every five minutes  
time consumed in the use of the wire to  
any point outside of Macon county.

There are several hundred telephone sub-  
scribers in Springfield, and any one here  
can communicate with any connected  
point in the State capital by notifying the  
lady in charge of the Decatur exchange.

MANHATTAN reports that on yester-  
day a bold attempt was made by the  
caulhouse poisoners to escape; but their  
scheme was discovered in time to prevent  
the fulfillment of the plans. The prison-  
ers' plan was to get out through the cell  
doors. The lock was repaired by Mr.  
Myeller. The inmates had endeavored to  
make a key out of a piece of wire, and in  
using this they had locked themselves in-  
side without hope of release unless a lock-  
smith came to remove the wire.

SOME people wonder why Jay Gould,  
when making a trip through the country  
in his special car, refuses to travel during  
the night. It appears that he objects to  
traveling during the dark hours and al-  
ways stops at some town or night while  
he is traveling. Why he observes this rule is  
not stated, but it may be because he de-  
sires to inspect the road bed, or possibly  
he fears some accident might occur that  
would endanger his life.

ILLINOIS this year votes on two amend-  
ments to the constitution. One to cede  
the Illinois and Michigan canal to the  
United States, and the other to vote  
\$500,000 for the completion of the state  
house. The cession of the canal has been  
recommended by the commission ap-  
pointed for that purpose. Neither amend-  
ment is partisan in character.

In answer to inquiries, Mr. Geo. Alfred  
Townsend would inform his friends and  
correspondents and all others that he will  
deliver his lecture, entitled "Thomas, the  
Doubter," in the months of November and  
December, 1882, for the sum of \$100 per  
night. There is no objection to delivering  
this lecture before a society or at a  
private residence. Address No. 242 West  
28th street, New York City.

THERE was a pleasant social party at  
the residence of Mr. and Mrs. Henderson  
Ross, west of the city, last night, which  
was attended by a full representation of  
Decatur's colored society. The crowd  
was very large and all had a pleasant  
time. Social games, music by the colored  
band, and refreshments were among the  
principal features of the evening.

"Buffalo Bill's Pledge."  
No one doubts that the opera house  
will be filled to overflowing next Tues-  
day evening, when the Buffalo Bill Com-  
bination will give a border life entertain-  
ment of the most sensational character.  
"Bill" is the renowned hero of the plains  
whose visits in towns throughout the  
country are events of no small impor-  
tance. Watch for the parade on Tuesday  
afternoon.

### A Serious Accident.

On Wednesday last Joe Allen, having  
a wife and two children, received what  
was thought to be fatal injuries while on  
his way home in a farm wagon. He is a  
tenant on the Hale farm in Mt. Zion  
township, and after attending to business  
in Decatur on Wednesday he started  
home by way of the Maffit bridge. He  
was overtaken beyond the river by Mr.  
Ward who was seated in a spring wagon.  
Ward drove fast, intending to pass Allen,  
but the latter said he wouldn't allow any  
man to pass him, and he whipped up his  
team, spinning ahead of Ward. Suddenly  
the Allen wagon collided with a stump,  
the wagon was tipped over, and Allen was  
thrown out against a stump, receiving in-  
juries that are considered very serious by  
the attending physician, Dr. Booth, of Mt.  
Zion. One side of Allen's face was badly  
bruised and his skull was fractured. He  
has been unconscious since he fell against  
the stump. Mr. Ward and a number of  
men hurried to the assistance of Allen  
immediately after the accident and saw  
that he was properly cared for.

### PERSONAL MENTION.

Mrs. Will Condell and friend, Mrs.  
Whitehall, both of St. Louis, are in the  
city for a few days.

David P. Keller, of Macon, is the ex-  
ecutor of the estate of the late Charles W.  
Harber.

Mrs. A. R. Small and daughter are  
home after a visit of two weeks at Bel-  
leville.

J. M. Ehrman was the caller at the ci-  
garmakers' ball at Guards' Armory last  
night.

Mrs. Lyman King, who has been ill at  
the St. Nicholas Hotel for a number of  
days, is improving.

The Misses Lon, Annie and Lizzie  
Knipper have departed for Jacksonville  
and Quincy. They will be absent for an  
indefinite period.

Hon. N. C. McFarland, of Washington,  
commissioner of the United States land  
office, is in the city, the guest of his  
brother-in-law, Mr. Jas. Millikin. Mr.  
McFarland has been in the west and will  
leave for Washington to-night.

V. H. Parke, Will H. Starr, Win. Traver,  
George Stare, Will Shullbarger and Jo-  
seph Mills, got home from Michigan last  
evening. The party killed 14 deer alto-  
gether, caught plenty of fish and shot  
pleasants in great numbers.

Mrs. L. C. Shea favors us with a copy  
of the Louisville Courier-Journal, of  
Oct. 25th, which contains a nine-column  
write-up of the annual meeting of the Na-  
tional Christian Temperance Union. Miss  
Willard, of Illinois, was present and de-  
livered the principal address.

E. Jeffrey, general superintendent of the  
Illinois Central Railroad company, an-  
nounces the following appointments, to  
take place Nov. 1: Mr. Henry Schlaacks,  
acting superintendent of machinery; Mr.  
A. W. Sullivan, acting assistant superin-  
tendent of machinery; Mr. William Ren-  
shaw, acting master mechanic of the  
Chicago Division.

Monte Bear, son of J. I. Bear, of this  
city, is getting along swimmingly in the  
art of artistic engraving in Chicago,  
where he has been for a period of three  
or four months. Monte has acknowledged  
natural talent as a tasteful designer, and  
he takes to the engraving art as naturally  
as a duck to water. Samples of work to  
date have been sent here. They are cer-  
tainly among the handsomest and most  
elegantly finished monograms ever de-  
signed, and are proof positive that Monte  
is bound to loom up and get to the front  
within a few months.

Frank Flint, the noted catcher of the  
champion Chicago base ball club, arrived  
in Decatur yesterday evening from Chi-  
cago, accompanied by his wife, who is a  
daughter of Mrs. Edward Luttrell, resid-  
ing on West Decatur street. Mr. Flint is  
a young man, of medium height, well  
built, sandy hair and mustache. He  
stated to a reporter, to whom he was in-  
troduced by Mr. John Black, that he and  
all the other members of the club had  
been re-engaged for the season of 1883.  
The Chicago stockholders realized \$50,000  
out of the past season's league game at  
St. Louis for tomorrow, and will spend the  
winter at New Orleans and other cities in  
the south, playing exhibition games of  
ball with other members of the Chicago  
nine.

to \$88.15 were approved and ordered paid.

Macon Morsels.  
Independent.

Dr. J. F. Natfel has a brand new parago-  
nize cherny, of the voting persuasion,  
that weighs 10 pounds. It is over a week  
old. The doctor's smile is circumscribed  
only by the width of his countenance.

Rev. M. L. Walcher preached his fare-  
well sermon in the Lutheran church, in  
this city, on Sunday evening, and his con-  
gregation highly praise the effort. When  
he took charge of the church a year ago  
there were only 19 members, we are in-  
formed, but during his ministrations the  
membership was increased to 55.

UNPLEASANTNESS. Last Saturday af-  
ternoon W. H. Lee, who had been married  
to Decatur, where they were married  
by Judge Greer. The relatives of the  
bride were bitterly opposed to the mar-  
riage, because, we are told, Lee has a  
living, unmarried wife in Ohio, if the  
testimony of his brother-in-law can be be-  
lieved. Thursday night Lee and Lewis  
Shaller, the eldest brother of the bride,  
met at the postoffice and at once resorted  
to blows, in which Lee came out second  
best. Whether the matter will end at this  
stage is uncertain.

The New Money Order System.  
By the new regulations of the money  
order system postmasters can issue an or-  
der for \$100. The amount heretofore has  
been limited to \$50. Orders can also be  
issued for amounts less than \$5. These latter  
cost three cents. The old order of  
having an applicant fill out a blank is  
also to be done away with. The new pos-  
tal orders will appear in all the dignity of  
engraving and will resemble bank notes.  
This will be quite an improvement on the  
ugly, worthless-looking little slips of blue  
paper that the department has heretofore  
dignified with the name of money orders.

The old order system and all were copied,  
like our postal cards, from the English,  
and were frights, which, with all our fine  
printing presses and engraving, we ought  
to have been ashamed of. A newspaper  
man in the postoffice department is evi-  
dently productive of some sense and origi-  
nality in his workings.

Grand Army Posts.  
Decatur has a post of the Grand Army  
of the Republic. It is named Dunham  
Post No. 141, and has a membership of  
over 100, with many applications yet to  
be acted upon. Below is an official at-  
testance as to the objects and benefits of  
the organization:

OBJECTS.  
The objects to be accomplished by this  
organization are as follows:

1. To preserve and strengthen those  
kind and fraternal feelings which bind to-  
gether the soldiers, sailors and marines

A New Use for Cork.  
The want has long been felt of a floor  
covering combining the durability and  
comfort of a carpet, with the cleanliness  
of oil-cloth. This desirable end is ob-  
tained in the patent Linoleum, and, be-  
ing composed of cork, is never cold under  
foot. The goods are made in a variety of  
handsome patterns, suitable for every  
part of a dwelling house, as well as stores,  
offices, etc. See that the word "LINOL-  
EUM" is on the back of every square  
yard. This is the only genuine article.  
Kept by all carpet dealers.
